

Mill Plant Manager

Our History:

Since 1991, Quality Roasting has been meeting the demand for high quality soybean products in livestock diets. In 2000, we developed Exceller Meal®, an expeller soybean meal product that is high in bypass protein and the ingredient of choice in high performing dairy cattle rations. In 2018, Quality Roasting began producing Exceller Oil®, an all-natural, food-grade vegetable oil for human consumption. Today, we process more than 14M bu of soybeans annually, produce 350,000 tons of Exceller Meal® and 15M gallons of soybean oil each year, and employ more than 50 team members at our three facilities – Valders, WI, Owen, WI and Reese, MI.

Our Culture:

At Quality Roasting, people make the difference. By joining our team, you become an important part of building our future, and we invest in you to help build your future. We believe in teaching, training, and supporting you to achieve your greatest potential. We listen and empower you to make a difference. Our culture fosters teamwork; ensures your safety; and embraces diversity, equity, inclusion and belonging. In other words, you come first, and we demonstrate the care and value that we have for people in everything we do.

Position Summary:

As Mill Plant Manager, you are responsible for ensuring a strong team camaraderie and the safety, quality, and productivity of all operations, equipment, and production of our high-quality feed grade soybean meal in our Safe Feed/Safe Food Certified facility. As a hands-on, team-focused, quality and safety-minded leader with a strong mechanical aptitude, you will lead and work alongside our team of Mill Technicians to oversee the monitoring, operating, and troubleshooting of our milling process, testing product quality, and ensuring safe and accurate loading and unloading of soybeans and finished product. The ideal candidate will have strong background in plant management, a profound understanding and experience with mechanical systems, and a proven track record of improving operational efficiencies.
